Mirror-Polished Tru-Sharp™ Surgical Steel

UNITED STATES ARMY

The U.S. Army is made up of the most dedicated and respected Soldiers in the world; protecting America's freedoms while serving at home and abroad. In honor of their relentless defense of justice and freedom, Case presents these pocketknives with American pride.

By federal law, licensing fees paid to the U.S. Army for the use of its trademarks provide support for the Army Trademark Licensing Program, and net licensing revenue is devoted to U.S. Army Morale, Welfare and Recreation Programs. U.S. Army name, trademarks and logos are protected under federal law and used under license by W.R. CASE & SONS CUTLERY COMPANY.

HOW TO IDENTIFY A CASE® KNIFE

The number stamped on the tang of one blade of every Case knife identifies the pattern. The first number is the handle material, the second number is the number of blades, and the rest is the factory pattern number. In the example below, 6318 is a #18 factory pattern knife with a jigged bone handle and three blades.

HANDLE MATERIAL KEY

- 1 Solid Hardwoods
- 2 Smooth Black Synthetic or Thermoplastic Rubber
- 3 Smooth Yellow Synthetic
- 4 Smooth Synthetic (Various Colors)
- 5 Genuine Stag
- 6 Smooth/Jigged Bone (Various Colors), Jigged Synthetic (Various Colors) or Jigged Laminated Hardwood
- 6.5 . . . 6.5 BoneStag
- 7 or P . . Wood or Laminated Hardwood
- 8 Genuine Mother-of-Pearl, Abalone or Paua
- 9 Imitation Mother-of-Pearl or Corelon
- 10 Micarta, G-10 or Kirinite®
- I Ivory, Imitation Ivory or Mammoth Ivory
- EX Exotic Materials
- M Stainless Steel or Aluminum
- BH Buffalo Horn

AUTHENTIC CASE COLLECTIBLES

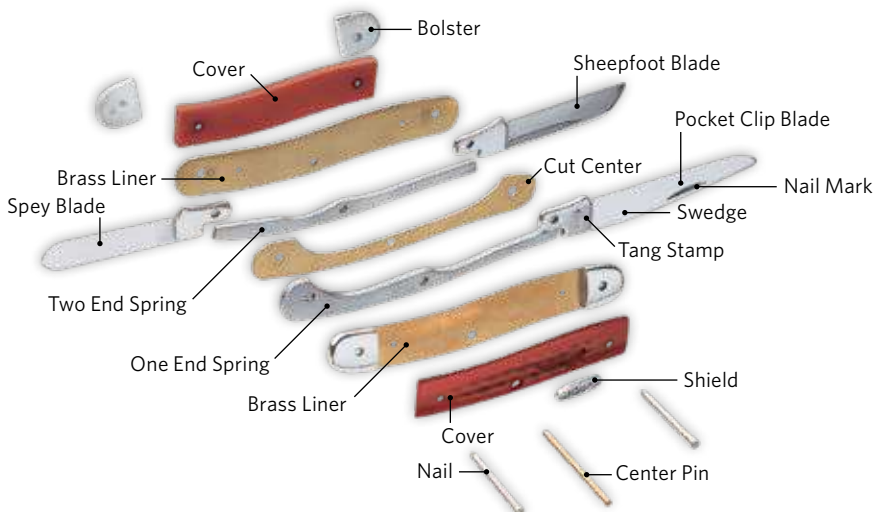

We put the Long Tail C serialization exclusively on collectable products manufactured and sold by Case.

This logo assures you the collectable item is authorized by Case.

ANATOMY OF A CASE® KNIFE

Hand-crafting a Case knife is an exercise in skill, focus, and, most importantly, patience. Roughly 160 steps go into the creation of each knife, from the handle to the blade to everything in between. To us, the process is just as important as using the finest components in the world, like rich, natural handle materials, premium-quality steel, select brass and superior nickel silver.

FINISHED CASE KNIFE
Medium Stockman ('18) Pattern

THE CASE TANG STAMP

It's been said that every Case knife tells a story. That story begins with the unique blade marking, or *tang stamp* applied to every Case knife, indicating its date of production. Case has used various tang stamps throughout its history, making it one of the world's most collected knife brands over time. We think you'll agree that now is the perfect time to add a new Case knife to your personal history.

2020 Case Tang Stamp

2024 Case Tang Stamp

DETERMINE THE YEAR OF A CASE® KNIFE

In 1970, Case added ten dots beneath the U.S.A. on all knife tangs. Each year a dot was removed.

The same dating system was used during the 1980s. The differences are the “lightning” form of the letter S in Case and USA and the fact that the dots were put above the USA.

From 1990 to mid-1993, the actual date was stamped on the tang.

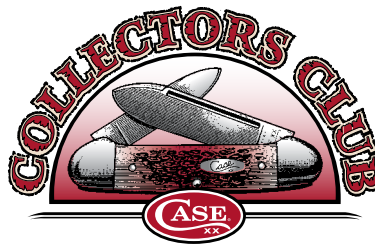

The dot system was used again from mid-1993 through 1999.

In 2000, Case introduced a new tang date stamp: five Xs and five dots. From 2000 through 2005, one dot was removed each year. From 2006 through 2009, an X was removed each year.

The 2010 Tang Stamp design again features five Xs and five dots. From 2010 through 2015, one dot was removed for each year. From 2016 through 2019, an X is removed each year.

JOIN US TODAY!

Chartered in 1981, the Case Collectors Club® is the premier association for Case knife collectors and enthusiasts worldwide. Paid members receive a quarterly magazine and a host of exclusive benefits including event reminders, access to our online forum and limited production knife offerings. Join the thousands of others who keep the legacy of American craftsmanship alive for future generations.

LIMITED LIFETIME WARRANTY

We warrant each and every Case knife to be free of defects in material and workmanship for the life of the owner, and we will repair or replace with a new Case knife, at our option, any Case knife that is defective. That's how strongly we feel about the quality of our cutlery. If you believe your Case knife has a manufacturing defect, please complete our online form at caseknives.com/repairform to obtain return authorization. Then follow the simple steps provided to send us your knife for service – or contact Case Consumer Relations at + (888) 442-1932 for specific instructions.

CONSUMER AWARENESS STATEMENT

You expect Case to deliver high-quality, razor sharp knives, and in turn each Case blade is honed to an extremely sharp edge. We ask that you be very cautious when opening, closing, using, handling or sharpening our products in any way. Case and Tec X knives are tools used exclusively for cutting applications. They are not designed to be, nor should they EVER be used as an awl, chisel, pry-bar, punch, screwdriver or weapon. Use for any purpose other than cutting applications in a safe unharmed manner shall be deemed misuse. If an injury occurs during use (or misuse) of a Case or Tec X knife, this is a risk that our customers assume, and neither Harley-Davidson or Case can, in any way, be held accountable.

Due to the inherent properties of the materials we use and the manufacturing and coloring techniques that go into our knives, some items may not look exactly as depicted.

REGULATIONS
